Foster Youth
Career Development and Employment Summit
Providing pathways and opportunities that lead to economic success

California's first Foster Youth Career Development and Employment Summit will bring together representatives from all systems that touch the lives of foster youth. You are invited to join California foster youth, policy makers, and leaders from Child Welfare, Juvenile Justice, Education, Workforce Development, the Private Sector, Labor, and Philanthropy to develop integrated strategies that improve foster youth career development and employment outcomes.

This two-day, solution-focused summit will build on recent and innovative work at the national, state, and local levels that has demonstrated effective practices to ensure the following four outcomes:

- **Prioritize career development and employment for every foster youth**
- **Support emancipating and emancipated youth in their transition to adulthood**
- **Connect youth to education and workforce development programs**
- **Provide work experience and job opportunities that lead to economic success**

Location: Sacramento, California

Date: January 8th and 9th, 2008
